

Drug And Alcohol Testing Services

Midwest Safety Counselors provides the highest quality drug & alcohol testing available. We offer multiple drug screenings including: 5 panel, 6 panel, 7 panel, 9 panel, and 10 panel. We also offer DISA, MOST, DOT, NON-DOT and ASAP Consortium drug tests. We are able to screen the following drugs, depending upon the request of the client:

- ◆ Amphetamines (Includes Methamphetamines)
- ◆ Cocaine
- ◆ Marijuana
- ◆ Opiates
- ◆ PCP
- ◆ Barbiturates
- ◆ Benzodiazepine
- ◆ Methadone
- ◆ Methaqualone
- ◆ Propoxyphene
- ◆ Testsure (adulterants)
- ◆ Alcohol- Breath Alcohol

- ◆ We offer both on and offsite screening services
- ◆ Our drug and alcohol screenings provide accurate and reliable information
- ◆ Our drug screening process tests and verifies: color, odor, temperature, adulterants, and illegal substances
- ◆ We offer instant-result specimen collections and laboratory tested specimen collections
- ◆ Our Intoxilyzer 400 provides immediate results for breath alcohol screenings
- ◆ Chain of Custody forms are used for all screenings and are court admissible documents
- ◆ All Drug Screeners and Breath Alcohol Technicians are fully certified
